

Livingston Gun Club Range Rules Addendum

Effective Immediately

Range Hours

Shooting hours are 9:00 AM to local sunset Eastern Standard Time. Shooting hours are 9:00 AM to ½ hour before sunset during Eastern Daylight Savings Time. Scheduled competitions may start earlier with prior approval from the Executive Committee

Personal vehicles and parking in vicinity of ranges

No vehicles allowed on the ranges while shooting. Vehicles allowed down the road toward range 7-8 as far as left (west) side drive going to range 7. Vehicles allowed in the area in front of baffles on range 4. Vehicles allowed at entrance of range 5. Vehicles only allowed on range 3 to unload and load multiple long guns and transport personal steel to backstop area. Handicap situations excepted from the rule with approval from the Executive Committee.

General Shooting Regulations

Firearms are to be operated in single shot or semi automatic mode only; this means 1 pull of the trigger, 1 round discharged. No Bump Stocks, “belt hook” or “thumb hook” firing, no Binary triggers. No full automatic firing.

All rounds must be directed to be placed into range backstop. No targets are to be placed on the ground. No firing into side berms unless during approved scheduled matches and under direct supervision of a range officer. No “Blue Sky” to be seen from your forward most firing position under the baffles.

Ranges 6 and 8 are closed for general shooting and are only open for use during approved competition events, or special events with prior approval from the Executive Committee

100 yard range

Targets must be set to a height that all rounds will impact the backstop from your shooting position. No “Blue Sky” will be seen from your shooting position.

All shooting will be done from the concrete pad unless under direct supervision from a range officer in an approved competition event.

Member is to check that the safety cable is in place at the side entrance to the range before firing begins.

Signed,

The Executive Committee
