

Livingston Gun Club proudly announces our 2018  
**NRA Women On Target®**  
 Instructional Shooting Clinic

**What:** A fun day of learning and shooting.

**Where:** Livingston Gun Club, 2440 Hunter Road, Brighton, MI 48116

**When:** Saturday, 14 July 2018

**Schedule:** The day begins at eight-thirty with a gathering period. Classroom instruction begins at nine. At ten we head to the range where you can try out various handguns, rifles, and shotguns. We break for lunch at noon followed by more fun on the range at one. At three we get together for a wrap up and group photo. Everything should be done by four but might go later if we get a large turnout.

**Cost:** \$10.00 (covers all materials and lunch).

**Contact:** Gary Johnson lgccompetition@gmail.com

**Facility:** We have seating for fifty but it will be tight if we get that many. The classroom is not air conditioned so it could get quite warm. The ranges are outside and, being in Michigan, anything is possible so dress in layers. If you have eye and ear protection bring it. If you don't that's OK we always have spares. We provide everything else.

Detach here

Attendance is limited to the first fifty paid registrations.
